

Award winning show garden designer in Australia

Come along to hear a talk from an award-winning Welsh show garden designer while she's in Australia.

Anthea Guthrie has won numerous medals for her show gardens at Chelsea and Hampton Court Palace. She's an entertaining speaker who not only shares her extensive knowledge, but relates behind-the-scenes tales of the subterfuges and near-disasters that are part of the creation of gardens in some of the world's top garden shows.
